

Crew Service Learning Project

Who: 10th Grade Crew
What: Volunteer in the Community - Service Learning Project
Where: Ronald McDonald House of New York
When: February 15, 2019
Why: Learn about the importance of giving back to the community and helping those less fortunate.

Reflection: Describe the personal experience you had volunteering to cook brunch for the families that stay at the Ronald McDonald House.

The personal experience I had when volunteering to cook brunch was I thought it was important and it meaningful to help the kids. I also thought it was fun to cook brunch with my other crew member. The Ronald McDonald house was a great experience and I would most definitely do it again. I also liked how ~~so~~ nice the families were and the other people that were in there.
