

Crew Service Learning Project

Who: 10th Grade Crew
What: Volunteer in the Community - Service Learning Project
Where: Ronald McDonald House of New York
When: February 15, 2019
Why: Learn about the importance of giving back to the community and helping those less fortunate.

Reflection: Describe the personal experience you had volunteering to cook brunch for the families that stay at the Ronald McDonald House.

As entering upon the Ronald McDonald House, we were able to see the families and what struggles they were facing at the time. So to give back to the community, we volunteered to cook brunch for them. We served multiple things such as a giant bowl of fruit salad which contained watermelon, grapes, strawberries and cantalope. We also made tacos with either ground beef or ground turkey. Lastly we made them sandwiches that included turkey bacon and regular bacon and made french toast. It was a great time to show leadership skills and use teamwork from our crew. It was a great experience overall and would want to go again in the near future.
