When looking over your credits, can you identify any specific needs/goals or next steps for yourself so that you'll be eligible for graduation?

I know I want to graduate with an advance regents diploma so I need to take the LOTE and U.S. history regents and pass.

If you have any specific needs/goals/next steps, how are you addressing them? What specific steps are you taking to make sure you make up any graduation requirements that you are missing?

I have been using an app to become more fluent in Spanish. This will help me get the advance diploma. I also take practice U.S. regents to get a feel of the test.
